

# Workshop Program

## SABE Lake Tahoe 2022 Pre-Conference Workshop

**August 6-8**

University of Nevada, Reno  
1664 North Virginia Street  
Reno, NV 89557

### August 6

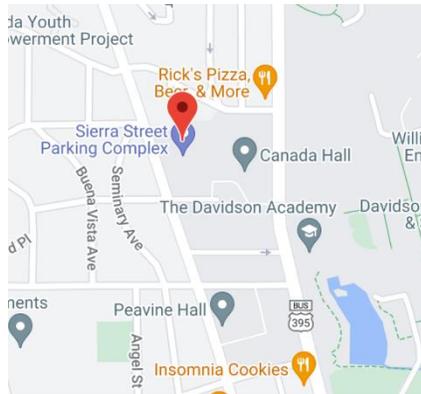

**Arrive:** If you have not made other arrangements, you will be met by Sourik Banerjee ([sourikb068@gmail.com](mailto:sourikb068@gmail.com) 775 350 2063), a recent UNR PhD grad, or one of his transportation team, at the airport. You will be transported the short distance to the UNR campus where most of you will stay.

**UNR Housing Location:**

Peavine Hall, University of Nevada, Reno  
38 W 11th St, Reno, NV 89503

**Housing Check-In:** *Urjaswi Mukherjee* ([urjaswim@nevada.unr.edu](mailto:urjaswim@nevada.unr.edu) 650 864 3111), a UNR grad student, or one on her team, will meet you at the Peavine Hall. She will administer an over the counter Covid test to you (as required by UNR housing) to ensure you do not have Covid. She will then walk you to the Peavine Housing manager who will check you into your room.

**Parking:** For the few of you who need to park, we are arranging to get you a parking pass for the UNR Sierra Street Parking Complex, which is just a couple of blocks north of Peavine Hall. We should have your parking passes available for you when you pull up to the check in point at Peavine Hall at the address above. Please communicate with *Urjaswi Mukherjee* ([urjaswim@nevada.unr.edu](mailto:urjaswim@nevada.unr.edu) 650 864 3111) or *Mark Pingle* ([pingle@unr.edu](mailto:pingle@unr.edu) 775 240 3810) to get your parking pass.

***Enjoy the Evening:*** If you arrive early enough, August 6 is the last night of “*Hot August Nights,*” which is the largest annual event that occurs in Reno. People from across the U.S. come to Reno with classic cars that they have restored, and the cars are shown in different ways. If you like, you can walk from your UNR housing location to the downtown area, where you will be able to see many cars and probably a parade of them. There are also many food stands and multiple music venues, all available for no monetary cost. Randall Chicola (chicolabiz@gmail.com), UNR grad student will be available to go around with you if being shown around is of interest to you. Of course, you can also explore on your own.

## **August 7**

***Early Morning:*** You are on your own in the early morning. (A of you will arrive in the morning.) There is a coffee shop called Buzzed Coffee (941 N. Virginia St, Unit B) just South of Peavine Hall. To get to more significant breakfast options, you can walk South, and cross the freeway into downtown. On the West side of Virginia Street, three hotel casinos are connected: Circus Circus, the Silver Legacy, and the Eldorado. You will find many breakfast and coffee options in these casinos. Our recreation coordinator, grad student Randall Chicola, may arrange some morning outing for any of you who are interested in getting out and about.

***11:00 Meet to Start the Workshop:*** Our workshop sessions will be held in the Peavine Hall Dorm itself. We will hold the main workshop sessions, including the opening of the workshop, the multipurpose room on the first floor. The breakouts will also use four other rooms, and you may notice these rooms on the higher levels have great views of the Sierra Nevada Mountains!

**11:00-11:30 *Introductions***

**11:30 - 1:00 *Lunch and Special Lecture:*** “Nudged into Behavioral Economics, Uncertainty and Covid-19? by **Ananish Chaudhuri**, University of Auckland.

In responding to the Covid crisis, countries around the world resorted to the extensive use of stringent social distancing measures in the form of lockdowns. Available evidence suggests that the aggregate costs of such lockdowns greatly exceed the aggregate benefits. This is likely true for the rich, industrialized societies of the West with their relatively older population and is certainly true for developing nations, whose populations skew younger. There was inadequate recognition of the fact that stringent social distancing measures involved significant trade-offs: between lives lost to Covid-19 and lives lost from other diseases as we diverted resources away from them, lower national output, bankrupt businesses and higher unemployment, not to mention the emotional trauma, for instance, among children denied the ability to go to school. Yet, these measures that imposed unprecedented restrictions on our economic and social lives and liberties were accepted with few counter-arguments. Relying on extensive research in economics, psychology, neuroscience and evolutionary theory, this talk will provide a critical perspective on the near unanimous support for lockdowns and the role of cognitive biases in policy-responses across the world.

1:00-2:15 **Session 1** (Cooperative and Conformist Behavioral Preferences Predict the Dual Dimensions of Political Ideology): Led by **Ananish Chaudhuri**.

Decades of research suggest that our political differences are best captured by two dimensions of political ideology. The dual evolutionary framework of political ideology predicts that these dimensions should be related to variation in two evolved social preferences inherent to human group living: cooperation and group conformity. Professor Chaudhuri will expose workshop participants to this framework in an interactive manner, though he will also present further results from his research. You should exit this workshop with an understanding of how cooperative and conformist preferences helped us navigate social challenges in our ancestral past and help us explain our political differences today.

2:15-2:30 *Break 1*

2:30-3:45 **Session 2** (Presenting and Publishing Well): Professor **Daniel Houser** will present his perspectives on presenting and publishing well, followed by a question and answer time.

3:45-4:00 *Break 2*

4:00-5:15 **Session 3** (Presenting Well 1): The five participants listed below will present posters, and the remaining participants will be split into audiences and provide feedback.

**Fabian Mankat**, *Kassel University, GERMANY*

**Toshiaki Hiromitsu**, *Ministry of Finance, JAPAN*

**Hannah Altman**, *University of Queensland, AUSTRALIA*

**Mikel Hualde-Vudaurre**, *Public University of Navarre, SPAIN*

**Michael Sobolev**, *Cedars-Sinai Medical Center and Cornell Tech, USA*

## **August 8**

8:00-9:00 *Breakfast and Mixing*: The workshop will supply a variety of food items, coffee, and other morning drinks in the workshop room WRB 2023. When you arrive, you can get what you want in terms of food and drink and then mix with the other workshop participants.

9:00-10:15 **Session 4** (Presenting Well 2): The five participants listed below will present posters, and the remaining participants will be split into audiences and provide feedback.

**Ursula Ploll**, *University of Bonn, GERMANY*

**Kristine Farrar Koutout**, *Stanford University, USA*

**Thibault Richard**, *Ecole Normale Supérieure Paris-Saclay, FRANCE*

**Manuel Hoffmann**, *Harvard University, USA*

**Billur Aksoy**, *Rensselaer Polytechnic Institute, USA*

10:15-10:30 *Break 3*

10:30-11:45 *Session 5* (Presenting Well 3): The five participants listed below will present posters, and the remaining participants will be split into audiences and provide feedback.

**Matthew Ridley**, *Massachusetts Institute of Technology*, USA

**Florian Heine**, *Tilburg University*, NETHERLANDS

**Ian S. Chadd**, *Rensselaer Polytechnic Institute*, USA

**Alix Rouille**, *Ecole Normale Supérieure Paris-Saclay*, FRANCE

**Jingyi Qiu**, *University of Michigan - Ann Arbor*, USA

11:45-12:00 *Travel to Harrah's National Automobile Museum from UNR*

12:00-1:45 ***Harrah's National Automobile Museum Visit, Lunch, and Lecture.*** "Intro to Effectuation: Elements of Entrepreneurial Expertise" by **Saras Sarasvathy**, University of Virginia

Professor Sarasvathy will briefly describe the original think-aloud protocol study from which she derived the five principles of effectuation. She will then describe the theory and summarize findings from the past two decades, ending with a couple of possibilities for future research.

1:45-2:00 *Travel back to UNR from Harrah's Automobile Museum*

2:00-3:15 *Session 6* (Effectuation Methods): Led by Saras Sarasvathy

3:15-3:30 *Break 4*

3:30-4:45 *Session 7* (Presenting Well 4): The five participants listed below will present posters, and the remaining participants will be split into audiences and provide feedback.

**Kaywana Raeburn**, *Union College*, USA

**Jia Ruixin**, *Texas A&M University*, USA

**Nicola Argelli**, *Cattaneo University*, ITALY

**Nina Weingarten**, *University of Bonn*, GERMANY

**Karoline Ströhlein**, *Karlsruhe Institute of Technology*, GERMANY

4:45-5:00 Pack up and get to travel pickup point

5:00-6:15 *Travel to Bally's South Lake Tahoe*

6:15-7:30 *Bally's Hotel Check-In and Relaxation*

7:30-9:30 **Conference Check-In and Reception**  
(Blu Night Club---Bally's South Lake Tahoe)
